## 7.4 Exterior Cameras

NLSS Recommended 180- 360 Degree External or Internal IP Cameras:

- ❖ Axis180-360 Degree
- ❖ AXIS M3007-PV—as with the recently announced AXIS M3006-V and the launched AXIS M3004-V and AXIS M3005-V cameras in the series—is a vandal and dust-resistant fixed dome camera. AXIS M3007-P, which has a different outer shell with no cover over its lens, is an extremely discreet camera that can be mistaken for a smoke detector.
- ❖ AXIS M3007-PV/-P cameras come focused at delivery, which shortens the installation time. They are also fitted with a 2 m (6.6 ft.) network cable and support Power over Ethernet (IEEE 802.3af), which eliminates the need for power cables and reduces installation costs.
